REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art, either alone or in combination, does not disclose or render obvious a packaging unit wherein the second boot is sized to receive a ribbon optical fiber, the second boot having a planar portion secured in the second slot, a tapered portion extended from the planar portion and positioned outside the housing, an opening formed along the center of the planar and tapered portions in the length direction, for receiving the ribbon fiber, and an engaging portion extended perpendicularly from the planar portion in combination with the rest of claim 1 for the reasons stated by Applicant in the Remarks section filed 9/10/04.

It is noted that the claim 1 is allowable because the unique combination of each and every specific element stated in the claim.

The prior art, either alone or in combination, does not disclose or render obvious a packaging unit wherein the first boot is sized to receive a single optical fiber and has a cylindrical portion secured in the first slot, a conical portion extended from the cylindrical portion and positioned outside the housing, an opening formed along the center of the cylindrical and conical portions in the length direction, for receiving the single fiber, and an engaging portion extended perpendicularly from the cylindrical portion in combination with the rest of claim 2 for the reasons stated by Applicant in the Remarks section filed 9/10/04.

It is noted that the claim 2 is allowable because the unique combination of each and every specific element stated in the claim.

Art Unit: 2883

The prior art, either alone or in combination, does not disclose or render obvious a packaging unit wherein the first boot is sized to receive a single optical fiber and has a cylindrical portion secured in the first slot, a conical portion extended from the cylindrical portion and positioned outside the housing, an opening formed along the center of the cylindrical and conical portions in the length direction, for receiving the single fiber, and an engaging portion extended perpendicularly from the cylindrical portion in combination with the rest of claim 11.

It is noted that the claim 11 is allowable because the unique combination of each and every specific element stated in the claim.

The prior art, either alone or in combination, does not disclose or render obvious a packaging unit wherein the first boot is sized to receive a single optical fiber and has a cylindrical portion secured in the first slot, a conical portion extended from the cylindrical portion and positioned outside the housing, an opening formed along the center of the cylindrical and conical portions in the length direction, for receiving the single fiber, and an engaging portion extended perpendicularly from the cylindrical portion in combination with the rest of claim 19.

It is noted that the claim 19 is allowable because the unique combination of each and every specific element stated in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael P. Mooney whose telephone number is 571-272-2422. The examiner can normally be reached during weekdays, M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Frank G. Font can be reached on 571-272-2415. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 571-272-1562.
